WRAP FACT SHEET – FOURTH QUARTER 2018

INVESTMENT STRATEGY

Accounts in this strategy generally invest in high-quality, intermediate-term securities that provide competitive yields exempt from federal taxation. An allocation to ETFs for liquidity and risk management flexibility may be implemented. This strategy is designed to serve the needs of high-net-worth individuals, family offices and institutional investors seeking federally tax exempt income with home state tax preference¹ where available.

WRAP FACT SHEET – FOURTH QUARTER 2018

RISK PROFILE

Treasury Bills

S&P 500

Standard Deviation measures how returns vary from an investment average, representing how volatile that investment has been over a period of time. Generally, higher standard deviations indicate a more volatile, riskier investment. Lower Standard deviations illustrate a more conservative, potentially safer investment. Caprin strives to deliver acceptable returns with less risk than similar alternatives.

Past performance is not indicative of future results. Composite performance results are based on qualifying, US domiciled, fully-discretionary accounts under management, including terminated accounts. To obtain a copy of a fully GIPS compliant presentation, please contact Caprin at Caprin@caprinbonds.com. *Assumes a maximum 40.8% federal tax rate. Results for investors subject to lower tax rates would not be as advantageous. The National Municipal Composite contains fully discretionary municipal bond accounts carrying total return and national municipal bond investment guidelines. Portfolios are invested in US Municipal bonds and, prior to 9/1/2014, US Dollar denominated fixed income ETFs whose characteristics are consistent with the composite objectives. Also prior to 9/1/2014 this strategy allowed allocations to inverse and leveraged (2 times) inverse US Treasury ETFs to help insulate portfolios during extended periods of rising interest rates. Caprin Asset Management, LLC claims compliance with the Global Investment Performance Standards (GIPS®) and has been independently verified for the periods 3/31/97 through 12/31/16. Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. The National Municipal Composite has been examined for the periods 4/1/03 through 12/31/16. The verification and performance examination reports are available upon request. Caprin Asset Management, LLC (hereinafter "Caprin") is an independent registered investment adviser. Caprin, founded in 1996 in Richmond, Virginia, provides fixed income portfolio management services to individuals, family offices, corporations, endowments, foundations and governmental entities. Caprin, which is employee owned, is an independent, autonomous investment management organization providing advisory services on a separate account and sub-advisory basis. This performance disclosure statement applies to Caprin, as just defined, and encompasses all fee-paying, discretionary portfolios managed by Caprin and aggregated into performance composites as further described herein. A listing and description of Caprin's performance composites is available upon request. Beginning 7/1/00, composite policy required the temporary removal of any portfolio incurring a client initiated cash inflow or outflow of at least 10% of portfolio assets, calculations being made on a monthly basis. Effective 1/1/11, composite policy requires the temporary removal of any portfolio incurring a client initiated significant cash inflow or outflow of at least \$1 million or at least 25% of portfolio assets. The temporary removal of such an account occurs at the beginning of the month in which the significant cash flow occurs, and the account re-enters the composite the month after rebalancing from the cash flow. Additional information regarding the treatment of significant cash flows is available upon request. The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. Net of fee performance was calculated using actual management fees. Please contact compliance@caprinbonds.com for a fully GIPS Compliant presentation. Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request. Nothing in this report should be construed as an investment recommendation or guarantee of the ongoing success of this strategy. An investment in this strategy is not guaranteed and may lose money. This composite was created 3/31/03.
